

Department of Natural Resources
Division of Environmental Quality
Monthly Air Pollution Control Program Summary Report
For All Regions - 8/16/2006 to 8/31/2006

Number of Complaints Received RE:

<i>Asbestos</i>	5
<i>Burning</i>	23
<i>Fugitive Dust</i>	4
<i>Odors</i>	54
<i>Particulate</i>	2
<i>Non-regulated</i>	0
<i>Toxics</i>	0
<i>Other</i>	16

Of the above, 12 complaints involved multiple emissions.

Total of Complaints Received:. 92

Number of Investigations of Complaints:

<i>Received during report period.</i>	58
<i>Received prior to report period.</i>	7

Total number of investigations completed: 65

Number of Sources:

<i>Non-Regulated.</i>	0
<i>In compliance with regulations.</i>	84
<i>In violation of regulations.</i>	8
<i>Referred to local air pollution agencies.</i>	0
<i>Referred to other DNR program.</i>	0
<i>Requiring follow-up surveillance.</i>	0

Number of formal notices of violation issued: 8

Department of Natural Resources

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	8/16/2006	8/9/2006	UNITY VILLAGE	Lees Summit	Jackson	Asbestos	Anonymous	RAV	
Comments	Mr. Richard Vani, an inspector with the Missouri Department of Natural Resources' Kansas City Regional Office (KCRO), discussed the complaint with Mr. Greg Pomeroy, of Unity Village. Mr. Pomeroy stated there is no asbestos in the building, but would try to address the other items listed in the complaint. These are indoor air pollution issues and not regulated by the department.								
Comp. No.	KC10903	Comp. Info	The complainant stated the workers are complaining of severe allergies and asthma issues. Some have developed concerns within the past five to ten years. The complainant stated the second floor of the structure has asbestos present. The complainant also believes a black substance around the air conditioning vents is causing coughing, congestion, and runny noses. The basement has a moldy odor. This location is in use and has been for one to two months and problems are occurring every day. The complainant stated they are on allergy medication in order to attend work comfortably.						
KCRO	8/22/2006	8/12/2006	TYSON	Sedalia	Pettis	Odors/Other	Ralph Randal	ANS	
Comments	Ms. Adrienne Smith, an inspector with the KCRO, did not observe any violation and did not detect any odor with the scentometer.								
Comp. No.	KC10930	Comp. Info	The complainant reported odors from Tyson were very bad from 7:00 a.m. to 8:45 p.m. on August 12, 2006.						
KCRO	8/17/2006	8/15/2006	HUNT MARIETTA	Randolph	Clay	Fugitive Dust	Anonymous	RAV	
Comments	Mr. Vani did not observe any dust from the crushing plant or haul roads. The trucks are tracking aggregate onto Randolph Road, which is creating a dust problem. Mr. Vani discussed the matter with Mr. Jason Reed, of Hunt Marietta.								
Comp. No.	KC10904	Comp. Info	The complainant reported a rock quarry with dust.						
KCRO	8/24/2006	8/16/2006	P & L RECYCLING	Albany	Gentry	Burning	Mike Klasek, Sr.	MC	A2621
Comments	Mr. Michael Cunningham, an inspector with the KCRO, observed a burn pit on the reported party's property that contained refuse from the operation of the business. Due to the reported party disposing of trade waste by open burning, the business violated 10 CSR 10-3.030, "Open Burning Restrictions." Mr. Cunningham issued to the reported party Notice of Violation (NOV) #A2621KC.								
Comp. No.	KC10939	Comp. Info	The complainant reported a local recycling business is burning waste on the business property.						
KCRO	8/31/2006	8/21/2006	CHURCH OF THE RESURRECTION,	Blue Springs	Jackson	Odors	Helen Shackelford	MC	
Comments	At the time of Mr. Cunningham's investigation, the church was not in violation of the odor rule. The complainant will advise the department if the odor returns.								
Comp. No.	KC10948	Comp. Info	The complainant stated the church on the back side of the complainant's property paved their parking lot, creating a strong, offensive odor. The church re-sealed the lot on Wednesday, August 16, 2006, which caused the odor to become worse. The complainant advised that the odor is strong on their property since the church parking lot is directly adjacent to their property.

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	8/22/2006	8/22/2006	TYSON	Sedalia	Pettis	Odors	Ralf Randal	ANS	
Comments Ms. Smith did not detect an odor violation at the time of the investigation.									
Comp. No.	KC10928	Comp. Info The complainant reported odors from the rendering plant were very bad in the morning.							
KCRO	9/18/2006	8/22/2006	JOSEPH D. MCCOMMON, JR.	Pleasant Hill	Cass	Burning	Chief Dennis Kleyh	MC	A2623
Comments According to Northeast Cass County Fire Protection District, the reported party burned a pile of refuse on August 22, 2006. Lumber, wire, small appliances, and metal containers were included in the fire. According to Mrs. McCommon, the refuse included material that did not originate on the premises. Mr. Cunningham advised Mrs. McCommon that the burning is illegal and asked her not to burn in the future. Mr. Cunningham issued NOV #A2623KC for the violation.									
Comp. No.	KC10965	Comp. Info The Northeast Cass Fire Protection District responded to a fire in the Pleasant Hill area. Upon arrival at the scene, fire personnel observed what appeared to be a demolished home that was set on fire. Fire personnel also observed other refuse such as furniture being burned. The fire department was unable to determine the owner of the property. The fire department will fax an incident report to the department upon completion.							
KCRO	8/23/2006	8/23/2006	NATIONAL STARCH	North Kansas City	Clay	Odors	Tom Gerleman	MRM	
Comments Mr. Michael Miller, an inspector with the KCRO, did notice an odor from the waste water treatment plant but was unable to detect the odor with the scentometer at seven to one dilutions. Mr. Miller conducted two readings, 15 minutes apart.									
Comp. No.	KC10931	Comp. Info The complainant noticed an odor driving south on Heart of America Bridge at approximately 8:00 a.m. in the morning. The complainant believed the odor was coming from the National Starch waste water treatment plant.							
KCRO	8/23/2006	8/23/2006	UNKNOWN	Kansas City	Jackson	Odors	Pamela Behle	MC	
Comments The location of the complainant's home is within the city limits of Kansas City, therefore, Mr. Cunningham referred the complainant to the Kansas City Health Department's Air Quality Program.									
Comp. No.	KC10932	Comp. Info The complainant filed the complaint via the internet reporting she often smells a very strong odor in the morning while standing in her backyard, near 27th and Jarboe. The complainant is concerned about the air quality and would like to know if she lives in an area that puts her family at increased risk.							
KCRO	8/31/2006	8/23/2006	FRANKIE LEWIS	Plattsburg	Clinton	Burning/Other	Jim Amos	ACB	2681K
Comments Mr. Aaron Bleibaum, an inspector with the KCRO observed an area where the reported party burned construction waste at a newly built duplex. The reported party was the builder and is the property owner. Mr. Bleibaum issued NOV #A2681KC for violating the open burning regulation.									
Comp. No.	KC10947	Comp. Info The complainant stated his neighbor is burning things in his back yard. The smell is awful and the complainant is worried about his health.							
KCRO	8/25/2006	8/24/2006	NATIONAL STARCH	North Kansas City	Clay	Odors	Mike	ACB	
Comments Mr. Bleibaum did not detect any odor violations while using a scentometer.									
Comp. No.	KC10933	Comp. Info The complainant noticed an odor from National Starch in the morning in North Kansas City, which is north of the facility. Winds were from the south.

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	9/14/2006	8/24/2006	KCPL IATAN	Weston	Buchanan	Fugitive Dust	Jim Mayer	MRM	
Comments Mr. Miller did not note any fugitive emissions from the coal plant of the facility at the time of his inspection.									
Comp. No.	KC10963	Comp. Info	As the complainant drove past the Iatan Power Plant on Sunday, August 13, 2006, at 5:00 p.m., he witnessed coal dust or a smoke plume emanating from the plant that was so big, thick, and black that it totally obscured the view of the plant from the highway.						
KCRO	8/25/2006	8/25/2006	NATIONAL STARCH	North Kansas City	Clay	Odors	Tom	ACB	
Comments Mr. Bleibaum conducted a method nine visible emission observation and determined that all stacks were below 20% opacity. Mr. Bleibaum did not note any violations.									
Comp. No.	KC10934	Comp. Info	The complainant reported National Starch is emitting 40% opacity (blue smoke).						
KCRO	9/15/2006	8/28/2006	ADAM COOPER	Kingsville	Johnson	Burning	Karen Ervin	ACB	
Comments Mr. Bleibaum issued a letter of warning to the reported party for violating the open burning regulations. The reported party burned trade waste in the past, however, there was no evidence at the time of investigation. Mr. Bleibaum observed wood pellets on the burn pile.									
Comp. No.	KC10952	Comp. Info	The complainant stated the reported party is dumping large amounts of household trash into Blackwater Creek. The complainant also stated there is a five foot tall pile on the reported party's property. The reported party now has the trash in a pile and started burning the pile on August 31, 2006. The complainant believes there are tires in the pile.						
KCRO	9/11/2006	8/30/2006	TYSON	Dresden	Pettis	Odors	Mike Hawkins	RAV	A2515
Comments Mr. Vani observed the reported party applying sludge from their waste water treatment plant and issued Notice of Excess Emissions (NOEE) #A2515KC.									
Comp. No.	KC10953	Comp. Info	The complainant stated the waste water treatment plant has an ungodly smell that is enough to turn his stomach. The complainant lives one mile north of plant. The complainant also stated the odor has been very bad on four different occasions in the past two weeks.						
NERO	8/17/2006	8/17/2006	PSF GREEN HILLS FINISH FARM	Green City	Sullivan	Odors	Rolf Christen	DLK	
Comments No on-site investigation was made in response to this report due to the quickly changing variation in odors from changes in weather conditions and because of the one to two day advance notice required by the laboratory prior to analysis of air samples. An investigation will be scheduled during the next on-site inspection of this facility.									
Comp. No.	NE12887	Comp. Info	On August 16, 2006, at 8:24 p.m. the complainant filed the following report of odors from PSF Green Hills, "Tuesday, we had odors all evening on and off."						

Department of Natural Resources
Division of Environmental Quality
Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO	8/18/2006		JASON BROWN	Vandalia	Audrain	Burning/Asbestos	Lynn	MGS	
Comments	Mr. Michael Sudholt, an inspector with the department's Northeast Regional Office (NERO), spoke with the reported party who stated he had permission to do the burning from the city and from the owner of the dumpster. Mr. Sudholt contacted Fire Chief Charlie Scrogin for more details. The fire department provided a fire report on the incident. Mr. Brian Allen, with the fire department, was unsure who owns the dumpster. The fire department extinguished the fire with 2000 gallons of water.								
Comp. No.	NE12870	Comp. Info	The complainant stated the reported party is renovating a house in Vandalia and deliberately set the dumpster on fire to dispose of the waste. The complainant believes the dumpster contained construction debris and asbestos siding from the house. The burning took place directly upwind from a senior citizen housing development. The complainant also believes the reported party had been told not to conduct the burning.						
NERO	8/24/2006	8/21/2006	UNKNOWN	Columbia	Boone	Burning/Other	Paul Jeffery	SMB	
Comments	Mr. Steve Boone, an inspector with the NERO, investigated the complaint and found the site to be a permitted burn site. Mr. Boone discussed management practices with the reported party to keep smoke down during the clean-out of the pit. Mr. Boone also provided the reported party with the air curtain destructor best management practices by letter.								
Comp. No.	NE12884	Comp. Info	On August 21, 2006, the complainant stated at 6:40 a.m., and on two days during the Air Pollution Control Program (APCP) conference last week, he noticed a 100% opacity plume originating in the Hinkson Valley behind the Grand Cru restaurant or possibly on the university's property around the Hearn Center. The complainant suspects someone is cleaning out an air curtain destructor burn pit.						
NERO	8/21/2006	8/21/2006	PSF VALLEY VIEW FINISH SITE	Green City	Sullivan	Odors	Rolf Christen	DLK	
Comments	No on-site investigation was made in response to this report due to the quickly changing variation in odors from changes in weather conditions and because of the one to two day advance notice required by the laboratory prior to analysis of air samples. An investigation will be scheduled during the next on-site inspection of this facility.								
Comp. No.	NE12889	Comp. Info	On August 18, 2006 at 10:00 p.m., the complainant filed the following report of odors, "We are getting strong hog odors at our house at this time, Friday, 9:00 p.m. Winds are rather calm. I believe it is coming from the south and it is foggy. At a three." The complainant rated the odor on a scale of one to five, with five representing the strongest odor.						
NERO	8/22/2006	8/22/2006	PSF GREEN HILLS FINISH FARM	Green City	Sullivan	Odors	Rolf Christen	DLK	
Comments	Mr. Don Kinkhorst, an inspector with the NERO, noted the conditions at Kirksville showed the wind was calm. No on-site investigation was made in response to this report due to the quickly changing variation in odors from changes in weather conditions and because of the one to two day advance notice required by the laboratory prior to analysis of air samples. An investigation will be scheduled during the next on-site inspection of this facility.								
Comp. No.	NE12902	Comp. Info	On August 22, 2006, at 8:11 a.m., the complainant filed the following report of odors from PSF Green Hills, "Terrible barn odor at our house this morning as I went out around 6:25 a.m. It almost took my breath away. I do not know for sure where the winds came from. The air was heavy and fog lay in the bottoms. It was terrible."

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO	8/23/2006	8/23/2006	PSF VALLEY VIEW FINISH SITE	Green City	Sullivan	Odors	Rolf Christen	DLK	
Comments No on-site investigation was made in response to this report due to the quickly changing variation in odors from changes in weather conditions and because of the one to two day advance notice required by the laboratory prior to analysis of air samples. An investigation will be scheduled during the next on-site inspection of this facility.									
Comp. No. NE12904 Comp. Info On August 22, 2006, at 6:42 p.m., the complainant filed the following report of odors, "Walter Hannah just called and reported horrendous odors at his house this morning around 8:00 a.m. Winds were from the south and very light. Must be Valley View."									
NERO	8/31/2006	8/23/2006	PW EAGLE, INC. / MR. TOM ODGE	Columbia	Boone	Odors	Anonymous	DLK	
Comments Mr. Kinkhorst did not detect any odor at the time of his investigation. No further action is required.									
Comp. No. NE12906 Comp. Info The complainant reported excessive sulfur odor/emissions from the PW Eagle Company.									
NERO	8/25/2006	8/25/2006	SCOTT HARRINGTON	Bevier	Macon	Burning	Audrey Smith	SMB	
Comments Mr. Boone sent a letter of warning to the reported party for violation of the open burning regulations.									
Comp. No. NE12910 Comp. Info The complainant stated the reported party burned plastic and demolition waste at his property.									
NERO	9/5/2006	8/29/2006	MO-CON, INC.	Fulton	Callaway	Fugitive Dust/Particulate	Mr. Bob Scott	BJ	
Comments Mr. John Briney, an inspector with the NERO, noted the complainant left the complaint information on Mr. Briney's voicemail on Thursday, August 24, 2006. Mr. Briney was out of the office until Monday, August 28, 2006. The complainant also mailed a letter to the NERO. The NERO received the letter on August 28, 2006, which contained the same allegations as the complaint information. Mr. Briney did not observe any violation of the fugitive dust regulations during his investigation.									
Comp. No. NE12916 Comp. Info The complainant stated during the morning hours on Thursday, August 24, 2006, dust clouds blew down his driveway and reached his tractor shed from truckers driving on the unwatered lot of Mo-Con, Inc. This problem made the complainant leave his property at 12:15 p.m. The cement trucks filling the tower created a thick cloud of cement dust covering Mo-Con's lot and blew over into the complainant's yard. When the complainant left a truck was waiting in line to unload. On his way out he drove through a cloud of cement dust.									
NERO	8/29/2006	8/29/2006	REUBEN NIEWALD	Jefferson City	Cole	Asbestos	Lenord Steinman	SMB	
Comments Mr. Boone referred the complaint to the OSHA office in Kansas City for enforcement of worker safety issues.									
Comp. No. NE12917 Comp. Info The complainant stated MPI makes bridge bearings that contain asbestos and in the process of grinding and cutting, the workers are being exposed to asbestos. An exhaust fan blows out into the area where workers are located.

Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO	8/29/2006	8/29/2006	ANONYMOUS	Milan	Sullivan	Odors	Anonymous	DLK	
Comments At the time of Mr. Kinkhorst's investigation he did not observe any odor violations. No further action required.									
Comp. No.	NE12918	Comp. Info	On August 28, 2006, at 5:28 p.m., the complainant filed the following report of odors from the PSF Packing Plant, "From 3:30 p.m. to 4:30 p.m. on Highway 5 from the bridge south to the Sinclair Station and also in the town of Milan, very strong packing plant odors were experienced. These were typical odors of hot burned flesh and hair. It was the typical odors you smell from the packing plant. They were very rough."						
NERO	8/30/2006	8/30/2006	KENNY SPENCER	Holts Summit	Callaway	Burning/Open Dumps	Trish McGee	DLK	
Comments Mr. Kinkhorst provided guidance to the reported party. No further action required at this time.									
Comp. No.	NE12920	Comp. Info	The complainant has a neighbor who is getting ready to burn some shingles. The reported party was burning trash on the day of the complaint. The complainant left a voice message for Mr. Kinkhorst on August 30, 2006, at 12:41 p.m.						
NERO		8/30/2006	UNKNOWN	Brookfield	Linn	Burning	Paul Stuart	JMB	
Comments									
Comp. No.	NE12922	Comp. Info	The complainant stated a sawmill between Brookfield and Marceline conducted pit burning of their waste materials for the past several months. The week before the date of the complaint the complainant drove past the facility and noticed 15 to 20 foot high flames. Smoke from the fire is creating a nuisance. The facility was purchased by a new owner two to three years ago. The complainant does not know the name of the new owner or the name of the business. The complainant believes the facility is within the Brookfield city limits. There is at least one house within 100 yards and a lumberyard within 150 yards of the facility. The complainant filed the complaint with the department's Environmental Emergency Response (EER) line (MEERTS Incident #0608300839MDG) who sent it to the NERO via e-mail on August 30, 2006.						
NERO	8/30/2006	8/30/2006	JOHN ALDRIDGE	Clarence	Shelby	Burning	Steve Boone	SMB	
Comments Mr. Boone sent a letter of warning regarding the restrictions against open burning.									
Comp. No.	NE12926	Comp. Info	The complainant observed heavy white smoke crossing Highway 36 while he was in the area conducting other business. The smoke was coming from a ditch next to a new home construction.						
NERO		8/31/2006	JOYCE ENDICOTT & MR. KIRBY	Mount Leonard	Saline	Burning	Anonymous	MIH	
Comments									
Comp. No.	NE12925	Comp. Info	The complainant witnessed the reported party demolishing a mobile home and placing the waste into a cistern on the property for disposal. On the morning of the complaint, the reported party placed an old furnace and toilet stool in the cistern.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
SERO	8/31/2006	8/10/2006	TG MISSOURI CORPORATION	Perryville	Perry	Other	Mr. Steve Kueker	TR	
Comments	Mr. Todd Raney, an inspector with the department's Southeast Regional Office (SERO), observed a violation of 10 CSR 10-3.090, "Restriction of Emission of Odors" and issued NOEE #TR0906061SE to document the finding. Mr. Raney noted this is the fifth NOEE the department issued to this facility for this problem. As of August 10, 2006, 33 odor complaints have been filed concerning TG Missouri's odors. TG Missouri Corporation is a manufacturer of automotive parts. It is a source of hazardous air pollutants and is regulated under 40 CFR Part 63 Subpart PPPP National Emission Standards for Hazardous Air Pollutants for Surface Coating of Plastic Parts and Products, which has a compliance date of April 19, 2007. On September 6, 2006, Mr. Raney issued NOEE #TR0906061SE. This investigation is ongoing and continues as time allows and as the SERO receives additional complaints.								
Comp. No.	SE7206	Comp. Info	The complainant reported that odors from TG Missouri were noted on July 13, 2006, August 4, 2006, and August 10, 2006. Wind was from the north.						
SERO		8/17/2006	DENNIS GORDON CONSTRUCTIO	Poplar Bluff	Butler	Other	Anonymous		
Comments									
Comp. No.	SE7243	Comp. Info	The complainant stated the reported party burned construction debris, oil, trash, and chemicals in a pile half of a mile long on County Road 461.						
SERO		8/23/2006	JOE TUCKER DEMOLITION	Caruthersville	Pemiscot	Other	Mary Tinnon		
Comments									
Comp. No.	SE7282	Comp. Info	The complainant stated the Mayor of Caruthersville received money from FEMA to properly dispose of asbestos demolition waste, but the Mayor chose to have Joe Tucker Demolition out of Louisiana dump everything into the Caruthersville City Landfill instead. The complainant believes 150 more homes are going to be torn down and the demolition material will be dumped into the landfill as well.						
SERO	9/12/2006	8/25/2006	MELVIN LEWIS	Fisk	Butler	Burning	Anonymous	DRL	
Comments	Mr. Dennis Lyons, an inspector with the SERO, contacted the Butler County Fire Department and was advised they responded to a poly pipe fire at the location listed above. The shift commander stated several large rolls of pipe had been burned and a couple of rolls were still on fire when they arrived on-site. The fire department put the fire out. No one was around the field or could be located. A copy of the fire report was collected from the fire department but it provided very limited information. No reported party was listed and no volume or type of material being burned was listed. Mr. Lyons forwarded the complaint to the SERO Air Unit for determination.								
Comp. No.	SE7301	Comp. Info	The complainant stated the reported party is burning irrigation pipe. The Fisk Fire Department put out the fire.						
SERO	8/25/2006	8/25/2006	JW STRACK	Cape Girardeau	Cape Girarde	Burning	Brenda Decoursney	AW	3257S
Comments	The reported party is clearing property he purchased. The land lies between two residential areas. The brush piles were wind rowed. The north and south ends of the brush piles were adjacent to residential homes on the north. The burning brush was considerable less than the required 200 yards from occupied residential homes. Ash and heavy smoke was drifting onto lawns, vehicles, etc. Piles were also being "stirred" by a dozer causing extremely heavy smoke and ash. Due to the close proximity of burning, Mr. Albert Wampler, an inspector with the SERO, requested that the reported party stop burning or move the piles to the center of the land, which would give more than ample distance.								
Comp. No.	SE7315	Comp. Info	The complainant stated the reported party's burning is causing really bad smoke and ash is covering the complainant's house. The burning occurs late afternoon and continues all through the night.

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected: 8/16/2006 **through** 8/31/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
SERO	8/25/2006	8/25/2006	JW STRACK	Cape Girardeau	Cape Girarde	Burning/Particulate	Anonymous	AW	3257
Comments	Due to land clearing, the reported party placed brush piles within 600 feet of residential homes and began burning. The piles created heavy smoke and ash covering yards, vehicles, etc. The reported party also stirred up the piles to aid in the burning. This made conditions worse. Mr. Wampler requested that the reported party stop burning or move the piles to the center of the property, which would give more than 600 feet, reducing the impact on neighboring homes. Mr. Wampler issued NOV #3257SE to the reported party.								
Comp. No.	SE7316	Comp. Info	The complainant stated the reported party's burning is causing really bad smoke and the ash is covering the complainant's house.						
SERO	9/7/2006	8/29/2006	OUTBACK TRASH SERVICE	West Plains	Howell	Open Dumps/Burning	Anonymous	GAG	18268
Comments	Mr. Tony Kerley, of the Howell County Satellite Office, photographed approximately 20 cubic yards of dumped/burned household trash from Mr. Hayes trash route. The location of the dumping and burning is behind the reported party's residence. Mr. Glen Gearhart, an inspector with the SERO, issued NOV #18268SE for open burning and solid waste violations. Further enforcement will be taken by the department's Solid Waste Management and Air Pollution Control Programs.								
Comp. No.	SE7303	Comp. Info	The complainant stated the reported party is running a trash service next to his residence. The reported party is hauling in trash and dumping it in piles in the backyard. The reported party is also burning some of the piles of trash.						
SERO		8/31/2006	TG MISSOURI CORPORATION	Perryville	Perry	Other	Mr. Steve Kueker		
Comments									
Comp. No.	SE7318	Comp. Info	The complainant detected odor on August 15, 16, 21, 24, 30, and 31, 2006. The complainant noticed odors in the area of Perryville Industrial Park on Highway 51.						
SLRO	8/22/2006	8/7/2006	NEW FLORENCE WOOD PRODUCT	New Florence	Montgomery	Fugitive Dust/Waste Oil	Anonymous	JMK	
Comments	Mr. Johnathan Kennedy, an inspector with the department's St. Louis Regional Office (SLRO), noted no further action is required.								
Comp. No.	SL032790	Comp. Info	The complainant stated the equipment at the facility has major hydraulic oil leaks. Oil is soaked up with sawdust and is dumped behind the facility. The disposal area covers two acres. The reported party dumps the contaminated sawdust on a daily basis. Clean sawdust is stored inside the building and is sold to Kingsford to make charcoal or is given away to mix with mulch. Leaking equipment (conveyors, saws, and splitters) are mainly located at the north end of the building. Hydraulic oil is changed infrequently in the equipment. The last time it was changed, the complainant heard a rumor that several drums of oil (six to eight drums) were buried behind the facility. The complainant was unable to provide further information concerning this incident. Dust from the facility leaves the property on a regular basis. The facility is owned by the Independent Stave Company in Lebanon, Missouri.						
SLRO	9/13/2006	8/18/2006	J & K AUTO SALVAGE - SHAUN CO	Imperial	Jefferson	Other/Other	Joe Gosney	KJA	
Comments	Mr. Kevin Arnold, an inspector with the SLRO, noted no further action is necessary concerning the solid waste issues. The reported party will send the SLRO receipts for the used oil and used tire disposal or recycling.								
Comp. No.	SL032802	Comp. Info	The complainant stated there are derelict vehicles out in front of the salvage yard and they have been there for weeks, in some cases months. There are automotive fluids leaking from the vehicles on to the ground, going into the groundwater. There are also appliances dumped/left there that the complainant fears are not being handled properly for freon disposal. The complainant contacted Jefferson County but they referred him to the Department of Transportation who referred him to the SLRO. The location of the problem is at 5544 Highway 6167, Imperial, MO 63052.

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
SLRO	8/24/2006	8/24/2006	SHAPIRO BROTHERS, INC.	Festus	Jefferson	Odors	Anonymous	JMK	
Comments Mr. Kennedy issued NOEE #2368SL and referred the reported party to the APCP Compliance/Enforcement Section.									
Comp. No.	SL032783	Comp. Info	The complainant reported an objectionable odors from Shapiro Brothers Inc.						
SLRO	8/29/2006	8/29/2006	FRED WEBER, INC. - SOUTH ASPH	St. Louis	St. Louis	Odors	Anonymous	JMK	
Comments Mr. Kennedy noted no further action is necessary at this time.									
Comp. No.	SL032788	Comp. Info	The complainant reported an objectionable odor from the asphalt plant.						
SWRO	8/18/2006	8/11/2006	HCW	Branson	Stone	Burning	Jeff Kenyon	MJG	11700
Comments Mr. Michael Grose, an inspector with the department's Southwest Regional Office (SWRO), did not find visible evidence of burning. The reported party will coordinate burning to avoid fires at low elevations that may cause smoke impacts at off-site structures. At higher elevations, Mr. Grose observed severe dust leaving the reported party's property from vehicle traffic.									
Comp. No.	SW8981	Comp. Info	The complainant reported the burning of trees and brush during the land clearing phase of construction for the Tribute Golf Course. The smoke is bothering several folks in the area.						
SWRO	8/18/2006	8/15/2006	UNKNOWN	Clever	Barry	Burning	Anonymous	MJG	
Comments On August 18, 2006, at 11:20 a.m., Mr. Grose found construction waste piles on the burn site. Mr. Johnny Mongers is the developer. The waste pile consisted of various construction waste, solidified dry wall mud, and treated lumber. On August 21, 2006, at 4:00 p.m. and again on August 25, 2006, at 4:30 p.m., Mr. Grose left messages for Mr. Monger. On August 29, 2006, Mr. Grose spoke with Mr. Monger who stated the property is owned by Mr. Lance Pierce, of People's Bank of Nixa. On August 29, 2006, at 11:40 a.m., Mr. Grose contacted Mr. Pierce, who stated he recently contacted the department and learned of the burning regulations. Mr. Pierce then removed the construction waste pile and placed it in a dumpster at another site.									
Comp. No.	SW8986	Comp. Info	The complainant stated the reported party is open burning construction waste.						
SWRO	8/16/2006	8/16/2006	MOARK	Neosho	Newton	Odors	Cindy Brooks	DWA	
Comments Mr. David Allison, an inspector with the SWRO, did not detect any odors from MoArk at a seven to one dilution, therefore, he did not issue a violation.									
Comp. No.	SW9004	Comp. Info	The complainant reported an odor that would "gag a pig."						
SWRO	8/16/2006	8/16/2006	MOARK	Neosho	Newton	Odors	Stan Orloff	DWA	
Comments Mr. Allison did not detect any odors from MoArk at a seven to one dilution, therefore, he did not issue a violation.									
Comp. No.	SW9006	Comp. Info	The complainant stated on the evening of August 15, 2006, the odor was very bad.

Dates Received or Inspected: 9/1/2006 **through** 9/15/2006

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	9/14/2006	8/24/2006	KCPL IATAN	Weston	Buchanan	Fugitive Dust	Jim Mayer	MRM	
Comments	Mr. Miller did not note any fugitive emissions from the coal plant of the facility at the time of his inspection.								
Comp. No.	KC10963	Comp. Info	As the complainant drove past the Iatan Power Plant on Sunday, August 13, 2006, at 5:00 p.m., he witnessed coal dust or a smoke plume emanating from the plant that was so big, thick, and black that it totally obscured the view of the plant from the highway.						
KCRO	9/15/2006	8/28/2006	ADAM COOPER	Kingsville	Johnson	Burning	Karen Ervin	ACB	
Comments	Mr. Bleibaum issued a letter of warning to the reported party for violating the open burning regulations. The reported party burned trade waste in the past, however, there was no evidence at the time of investigation. Mr. Bleibaum observed wood pellets on the burn pile.								
Comp. No.	KC10952	Comp. Info	The complainant stated the reported party is dumping large amounts of household trash into Blackwater Creek. The complainant also stated there is a five foot tall pile on the reported party's property. The reported party now has the trash in a pile and started burning the pile on August 31, 2006. The complainant believes there are tires in the pile.						
KCRO	9/11/2006	8/30/2006	TYSON	Dresden	Pettis	Odors	Mike Hawkins	RAV	A2515
Comments	Mr. Vani observed the reported party applying sludge from their waste water treatment plant and issued Notice of Excess Emissions (NOEE) #A2515KC.								
Comp. No.	KC10953	Comp. Info	The complainant stated the waste water treatment plant has an ungodly smell that is enough to turn his stomach. The complainant lives one mile north of the plant. The complainant also stated the odor has been very bad on four different occasions in the past two weeks.						
KCRO	9/20/2006	9/1/2006	TOM PAYNE	Higginsville	Lafayette	Burning	Off. Criswell, Higginsville PD	MC	
Comments	The reported party burned refuse on the property of a trailer court containing more than four dwelling units. The refuse consisted of items removed from trailers on the property, which included a mattress, carpet padding, several magazines, and items formerly removed from a school. Mr. Cunningham reminded the reported party that the burning of trade waste, construction waste, salvage operation waste, or demolition project waste is illegal. Additionally, the burning of household refuse is illegal if the property contains more than four dwelling units. Also, Mr. Cunningham advised the reported party that the burning of vegetative refuse would only be allowed if a permit were issued. Because the reported party was confused with his past conversations with the department in regards to what was allowable under Missouri's open burning rule, Mr. Cunningham gave a letter of warning to the reported party and informed him that further violations will likely result in the issuance of a NOV, which could result in civil penalties.								
Comp. No.	KC10962	Comp. Info	On September 1, 2006, at approximately 12:35 p.m., the complainant observed the reported party open burning of a large pile of trash and debris. The police department determined the fire was set by the reported party.						
KCRO	9/14/2006	9/6/2006	LITTLE BLUE VALLEY WWTP	Independence	Jackson	Odors	Wayne Wright	RAV	
Comments	Mr. Vani detected odors from the reported party's primary clarifiers, but the odor was not strong enough to detect with a scentometer.								
Comp. No.	KC10950	Comp. Info	The complainant reported strong sewer odor in the neighborhood. The odor is strong in the evening.

KCRO	9/11/2006	9/11/2006	TYSON	Dresden	Pettis	Odors	Angela Randall	RAV	A2515
Comments Mr. Vani issued NOEE #A2515KC for excess odors from application of sludge to land from wastewater treatment plant.									
Comp. No.	KC10954	Comp. Info The complainant reported bad odors coming from Tyson.							
KCRO	9/11/2006	9/11/2006	TYSON	Dresden	Pettis	Odors/Other	Ralph Randall	RAV	A2515
Comments Mr. Vani issued NOEE #A2515KC for excess odors due to the facility applying sludge to land from wastewater treatment plant.									
Comp. No.	KC10955	Comp. Info The complainant reported a bad, gut wrenching smell from Tyson. The complainant believes the odor is making everyone along Highway T sick. The complainant compared the odor to hog manure and stated the odor has been on going throughout the weekend.							
KCRO	9/11/2006	9/11/2006	TYSON	Dresden	Pettis	Odors	Norma Dickman	RAV	A2515
Comments Mr. Vani issued NOEE #A2515KC for excess odors due to the facility applying sludge to land from wastewater treatment plant.									
Comp. No.	KC10956	Comp. Info The complainant reported odor from the reported facility smells like "dead hogs." The complainant does not believe the odor is the same as the usual chicken odor.							
NERO	9/5/2006	8/29/2006	MO-CON, INC.	Fulton	Callaway	Fugitive Dust/Particulate	Mr. Bob Scott	BJ	
Comments Mr. Briney did not observe any violation of the fugitive dust regulations during his investigation.									
Comp. No.	NE12916	Comp. Info The complainant stated during the morning hours on Thursday, August 24, 2006, dust clouds blew down his driveway and reached his tractor shed from truckers driving on the un-watered lot of Mo-Con, Inc. This problem made the complainant leave his property at 12:15 p.m. The cement trucks filling the tower created a thick cloud of cement dust covering Mo-Con's lot and blew over into the complainant's yard. When the complainant left a truck was waiting in line to unload. On his way out he drove through a cloud of cement dust.							
NERO	9/11/2006	8/30/2006	UNKNOWN	Brookfield	Linn	Burning	Paul Stuart	JMB	
Comments Mr. Briney noted the facility meets the exemption requirements for open burning at wood processing facilities as stated in 10 CSR 10-3.030 Open Burning Restrictions.									
Comp. No.	NE12922	Comp. Info The complainant stated a sawmill between Brookfield and Marceline conducted pit burning of their waste materials for the past several months. The week before the date of the complaint the complainant drove past the facility and noticed 15 to 20 foot high flames. Smoke from the fire is creating a nuisance. The facility was purchased by a new owner two to three years ago. The complainant does not know the name of the new owner or the name of the business. The complainant believes the facility is within the Brookfield city limits. There is at least one house within 100 yards and a lumberyard within 150 yards of the facility. The complainant filed the complaint with the department's Environmental Emergency Response (EER) line (MEERTS Incident #0608300839MDG) who sent it to the NERO via e-mail on August 30, 2006.

Comments	Ms. Mary Hopke, an inspector with the NERO, issued a letter of warning to reported party and her son for violations of the open burning restrictions and the Missouri Solid Waste Management Law.								
Comp. No.	NE12925	Comp. Info	The complainant witnessed the reported party demolishing a mobile home and placing the waste into a cistern on the property for disposal. On the morning of the complaint, the reported party placed an old furnace and toilet stool in the cistern.						
NERO	9/1/2006	9/1/2006	DWIGHT PAPE	Knox City	Knox	Burning	Anonymous	MIH	
Comments	Ms. Hopke issued a letter of warning to the reported party for violations of the open burning restrictions, the Missouri Solid Waste Management Laws, the Scrap Tire Regulations, the Missouri Clean Water Law, and Clean Water Commission Regulations.								
Comp. No.	NE12927	Comp. Info	The complainant stated on Monday, August 28, 2006, at approximately 7:00 a.m., the owner of a recycling/salvage yard in Brashear hauled copper wiring and other waste to a farm and burned the copper wiring and other waste. The complainant believed dark black smoke could be seen from the highway for a long period of time. Thereafter more wiring and other waste was hauled out to the farm on Thursday afternoon and has been told that the wiring will be burned on Friday by employees or over the weekend by the business owner.						
NERO		9/1/2006	E & M TRAILER PARK	Jefferson City	Cole	Burning	Anonymous	DLK	
Comments									
Comp. No.	NE12930	Comp. Info	The complainant observed dark black smoke coming from the E & M Trailer Park off Heritage Highway at approximately 9:00 p.m. on Thursday, August 31, 2006. The air contained an odor of rubber burning.						
NERO		9/1/2006	DENNIS STUART	Perry	Monroe	Burning	Anonymous	DLK	
Comments									
Comp. No.	NE12932	Comp. Info	The complainant stated the reported party purchased land with four old mobile homes on it and burned all four mobile homes approximately one month ago. The complainant also stated the mobile homes were not burned when property was observed on the weekend of July 4, 2006, but the burning did take place the week before the complaint was filed. The complainant noticed the mobile homes had been burned on the property.						
NERO		9/6/2006	SOUTHERN HILLS TOWNHOUSES	Jefferson City	Cole	Odors	Tim Hagenhoff		
Comments									
Comp. No.	NE12940	Comp. Info	The complainant believes the Aquasource Sewage Treatment Plant near his home is not operating correctly. The complainant stated there is a horrible sewage smell coming from the plant on a daily basis. The complainant also stated he spoke with the plant operator who stated they made operational changes. However, the complainant has not noticed any change in the odor. The complainant believes the treatment plant may be over capacity as many new homes are being constructed in the area. Odors can be detected at Edinburgh Way located off of Tanner Bridge Road.

Comp. No.	NE12966	Comp. Info	On September 14, 2006, the complainant filed the following report of odor from the PSF Packing Plant, "Wednesday night at 10:30 p.m., while driving on Highway 6 south of the PSF Packing Plant, very strong packing plant odors were experienced.						
NERO	9/14/2006	9/14/2006	PSF VALLEY VIEW	Green City	Sullivan	Odors	Rolf Christen	DLK	
Comments No on-site investigation was made in response to this report due to the quickly changing variation in odors from changes in weather conditions and because of the one to two day advance notice required by the lab prior to analysis of air samples. An investigation will be scheduled during the next on-site inspection of this facility.									
Comp. No.	NE12985	Comp. Info	On September 14, 2006, at 9:22 p.m., the complainant filed the following report of odor: "We are getting extremely strong odors at this time from the south, Valley View. Even with the windows closed it is creeping into the house."						
SERO	9/12/2006	8/25/2006	MELVIN LEWIS	Fisk	Butler	Burning	Anonymous	DRL	
Comments Mr. Lyons contacted the Butler County Fire Department and who stated they responded to a poly pipe fire at the location of the reported party. The shift commander stated the reported party burned several large rolls of pipe and a couple of rolls were still on fire while he was on-site. The fire department extinguished the fire. No one was around the field or could be located. Mr. Lyons collected a copy of the fire report from the fire department but it contained very limited information. The fire report did not list a responsible party and did not list any volume or type of material burned. Mr. Lyons forwarded the complaint to the SERO Air Pollution Control Unit for determination.									
Comp. No.	SE7301	Comp. Info	The complainant stated the reported party is burning irrigation pipe. The Fisk Fire Department put out the fire.						
SERO	9/7/2006	8/29/2006	OUTBACK TRASH SERVICE	West Plains	Howell	Open Dumps/Burning	Anonymous	GAG	18268
Comments Mr. Kerley of the Howell County Satellite Office photographed approximately 20 cubic yards of dumped/burned household trash from the reported party's trash route. The dumping and burning location was behind the reported party's house. Mr. Kerley issued NOV #18268SE for open burning and solid waste violations to the reported party. Further enforcement will be taken by the SWMP and the APCP.									
Comp. No.	SE7303	Comp. Info	The complainant stated the reported party is running a trash service next to his residence. The reported party is hauling in trash and dumping it in piles in the backyard. The reported party is also burning some of the piles of trash.

Comments	Mr. Raney did not observe a violation. Mr. Raney spoke with Dr. Damon L. Gamble, Superintendent of Schools for the Bismarck School System. The school is building a new gymnasium, which will be connected to some of the existing school buildings by a new hallway and by cutting at least one door into the existing building exterior. However, Mead Environmental had recently inspected the school in July 2006 and the inspection report is maintained on-site as part of the asbestos management plan as per the AHERA. Mr. Raney also spoke with James, the head of the maintenance department for Bismarck Schools, who stated he previously had asbestos awareness training. Chuck, a site supervisor for Brockmiller Construction of Farmington, was also on-site. Dr. Gamble and James stated they would contact Mead Environmental whenever they encountered any building material that was suspect. The inspection located only exterior transite and floor tile/mastic in the school. No further action is necessary.								
Comp. No.	SE7347	Comp. Info	The complainant reports that Bismarck school is building a new gymnasium. He is concerned about compliance with the asbestos requirements.
